

CERTIFICATE OF ANALYSIS

PRODUCT NAME:	MYOGLOBIN (Mb) Human
ACTIVITY:	Typically >1 mg/ml
CAS NO:	11080-17-4
CAT. NO:	I431-11
EXPIRATION:	3 years
FORM:	Phosphate and sodium chloride buffer, pH 7.4
MOLECULAR WEIGHT:	Approx. 16.7-17.7 kDa
PURITY:	>99% SDS Page
SOURCE:	Human Heart Tissue
STORAGE:	2-8 C
SYNONYMS:	Human Mb, myoglobin
UNSPSC CODE:	51131907

Human heart MYOGLOBIN(Mb)protein from 100-5000mg single lot sizes. Custom buffers for human heart myoglobin available. Custom fills of human heart myoglobin available.

Lee Biosolutions is a major bulk manufacturer of human heart cardiac marker(s) such as human heart Myoglobin, human heart CKMB isoenzyme, human skeletal muscle CKMM isoenzyme and can provide bulk quantities of Human Heart Troponin cardiac markers and BNP 32 for research and the clinical diagnostic market.
