

CERTIFICATE OF ANALYSIS

PRODUCT NAME:	Myoglobin, Polyclonal anti-Human Affinity Purified
AB CONCENTRATION:	Typically 1mg/ml
CAT. NO:	ISMY-80A
FORM:	Liquid in PBS,pH 7.2
HOST:	Sheep
IMMUNOGEN:	Human Heart Myoglobin
PURITY:	Affintiy Purified
STORAGE:	2-8C

Polyclonal sheep anti-human myoglobin PROCEDURE: Sheep were immunized with purified human Myoglobin. After multiple immunizations the sheep were bled, serum collected and the anti-myoglobin was immunoaffinity purified.

Polyclonal sheep anti-human myoglobin SPECIFICATIONS: The affinity purified antibody forms a single precipitin band with purified human Myoglobin and purified by immunoelectrophoresis and double diffusion. This product is suitable for ELISA and blotting applications
