

# Certificate of Analysis

**Product:** Innovative Grade US Origin C57BL6 Mouse Whole Blood  
**Catalog No:** IR1-991N  
**Lot No:** SAMPLE  
**Size:** N/A  
**Quantity:** N/A

**Description:** US Origin C57BL6 Mouse Whole Blood is collected from normal healthy mice located in the United States. It is not to be used in humans or animals. The user assumes all responsibility for its usage and disposal, in accordance with all regulations. This material should be handled as if capable of transmitting infectious agents. Please use universal precautions. Recommended storage 2-8° degrees Celsius.

**Expiration:** Animal whole blood can be stable for up to 28 days after draw. Whole blood should be stored at 2-8° until it is to be used. We recommend if possible to gently agitate the product when it is not being used.

**Storage:** 2° - 8° C

This material is intended for Research use or for further manufacture of in-vitro diagnostic products only. Not for use in products licensed under Sec. 351 of PHS ACT.

Caution to Users: The information expressed in this product data sheet represents best efforts to provide accurate and reproducible data about the material. However, test methods and techniques for biologicals may produce variable results; therefore, the user should evaluate the material for suitability in a given system prior to purchase. Lot specific samples are available at the customer's request and users are encouraged to evaluate the sample prior to purchase.
